

XSLATE R12-SERIES SLATEMATE®

ACCESSORY SPECIFICATIONS

The XSLATE R12-Series SlateMate® is a 3-in-1 factory installed personality module consisting of a Barcode Scanner (BCS), High Frequency RFID reader (HF RFID) and a Serial Port. This add-on module expands the productive power of the XSLATE R12 while maintaining the same level of ruggedness and portability. The lightweight data acquisition module eliminates the need for multiple data collection devices and increases the accuracy of field data collection.

The XSLATE R12-Series SlateMate comes with either a 3-in-1 module (BCS, HF RFID Reader and Serial Port or a 2-in-1 module (HF RFID Reader and Serial Port) configuration. *The SlateMate Module can only be installed at factory and cannot be purchased after point of sale.*
